

RGB Mileage User Guide

Version 2.0.11 - 2026-06-04

Fuel Entry Editing

- Tap Edit beside a previous entry to open it in the Quick Fuel Entry form.
- The Save Entry button changes to Save Edit while editing.
- Cancel Edit returns the form to normal Quick Fuel Entry mode.
- Save Edit confirms the change, clears the form, exits edit mode, and keeps you on the Quick Fuel Entry page.
- Saving a new entry confirms the save and returns to the Home Screen.

Shared Form Rule

- Quick Fuel Entry and fuel-entry editing use the same fields and calculations.
- Future changes to one workflow must apply to the other.
